every issue we'll be printing the funniest gags knocking about. If you fancy a real snorter that you want to share send it to 'These are the jokes folks,' Mag

Now then, now then now then! Why have women got small feet? -So they can stand closer to the cooker.

Here's another... Why do women wear make up and perfume? - because they're ugly and they smell!

How about this one? This is the best... Why was beer invented? - So that even ugly women get the chance to get fucked.

'Hah, My fuckin' grandad told me that one'.

Here's a good un for all you Zit-heads.  
This eskimo was on his way home in his car when he chugged to a halt and all this steam came out from underneath the bonnet. So he calls the AA and the very nice man comes out and takes a look. "Hmm", says the AA man, "It looks like you've blown a seal." "Nah," said the eskimo, "This is just some ice on my moustache."

*This fella walks into a bar in the centre of London with a fuckin' big toad on his head, "Whats happened there," said the barman. "Well," said the toad, "it started out as a wart on my arse."*

Thor, the god of war decides that he fancies a shag. So he transports himself down to a nightclub in Essex where he pulls a right slap arse. She takes him back to her council flat and drags him into the bedroom. Thor being a god and not having lost his mess for a good while goes to it and shags her senseless. Three days go by and he's still on the nest. After giving it to her for a further four days and nights solidly, he decides to reveal himself. So he stands up on the bed raises his arms into the air and shouts, "I am Thor," "You're fuckin' Thor," said the girl with a pronounced lisp, "I haven't had a pith for a fuckin' week!"

Why do girls have legs?  
- Have you seen the mess that snails leave?

*Why can't you get pain killers in a pet shop? 'cos the parrots et 'em all.*

These two cows in a field. One says to the other, "Here what do you reckon on this mad cow stuff?" "Terrible," the other says. "But why should that worry us sheep?"

*A fella walks into a bar with a hippo. He stays all afternoon, drinking double vodkas with the beast. After their twentieth, the hippo keels over and collapses on the floor. The man gets up and goes to leave. "Don't leave that lyin' there," said the barman. "It's not a lion," said the man, "It's a hippo."*

These two fleas get hold of this fly. "Right fly, you're a dirty bastard: you puke up your dinner all over the place and then eat it again. We're going to torture you before we kill you." "One last request please, please, please." Begged the fly. "O.K." said the fleas. "What do you want?" "To sing," said the fly. "Go on then," said the fleas, "But after that you're fuckin history." "O.K." said the fly and cleared his throat, "Here goes... Fleas release me, let me go."

This bloke goes to a red light district and gets this prozzie. They agree a fee and she takes him to her flat. So he gets stripped off and sets about touching her up. First his hand goes onto her leg. However, her leg falls off. A little disturbed, he tries the other leg and the same thing happens. "Fuckin' 'ell," he thinks, "I'll just have to grab her arms and give her a good fucking." As he does it her arm falls off. "Fuckin' 'ell," he thinks, pulls his kecks up and gets off. He gets outside and the woman shouts, "Don't go, don't you want to have a feel of my tits?" "Go on then," said the man, "Chuck 'em down."

*This woman goes into this baker's shop. She waits at the counter and no one comes. She shouts but gets no reply. So she goes into the back and there's the bakers putting the fancy edge on the steak and kidney pies with his false teeth. "My God!" says the woman, "Don't you have a tool for that?" "Yes," replies the baker unzipping his trousers, "But I use it for putting the holes in the doughnuts."*

This fella was an absolute nutter over birds, (the feathered variety that is). Well, his wife was fed up and said, "Go out and get some food with your giro". However, after he went to the post office, he went down to the pet shop and bought two arctic terns with the money. On his way home, he remembered what his wife had said and realised he couldn't go back without any food. Luckily this German butcher was approaching with a big liverwurst under his arm. The man persuaded him to swap the sausage for a bird. When he got home his wife asked him how he was. "Not very well," he said, "I've taken a tern for the wurst!"

This bloke's girlfriend's talking to him in the bedroom - she says to him, "Take off my dress". Then she says, "Take off my bra," Then she says, "Take off my knickers... and don't let me catch you wearing them again!"

Do you know what the ultimate rejection is? When your hand falls asleep when you're masturbating.

This girl goes to see the doctor - She says, "Everytime I sneeze, I feel sexy". The doc says, "what are you taking for it?" She says, "snuff..."

Do you know how to tell if a fella's getting old? When he keeps asking at an orgy "What? My turn again?"

I know this fella, right. He's a right smart arse, know what I mean? He can sit on an ice-cream and tell you what flavour it is!

This young lad tries to spice up his sex life by buying a fluorescent condom. That night, he waits 'til his girlfriend's in bed, undresses, puts the condom on, turns the light out and walks in..."Close the window love," she says, "a firefly's just flown in".

What can a jellybean do that a man can't? Come in eight delicious colours.

D'you know why Miss Piggy washes herself with vinegar and water? Because Kermit likes sweet and sour pork.

This fella walks into a restaurant, and he notices all the waitresses have got their names embroidered on their dresses, just over their left breast. A waitress walked over to him and said "How do you like it?" and the fella said "Oh it's great! What are you going to call the other one?"

This fella owned a small plant nursery - every day this other fella used to walk in muttering and cursing at all the plants. After a while the owner's had enough. He calls the police and gets the fella done for making obscene fern calls.

These two beautiful girls were sitting at a bar, talking about their boyfriends. One says, "Ooh, I could've killed my Bob the other day. He called me a nymphomaniac!" "No!" said the other girl. "What did you do?" "Well," said the first girl, "I told him to get the hell out of my bed - and take his two mates with him..."

This girl goes into an underwear shop and says to the assistant, "I want the words 'if you can read this, you're too close' embroidered on a pair of knickers". "Certainly," says the assistant. "Do you want it in block capitals or script letters?" "Braille," said the girl.

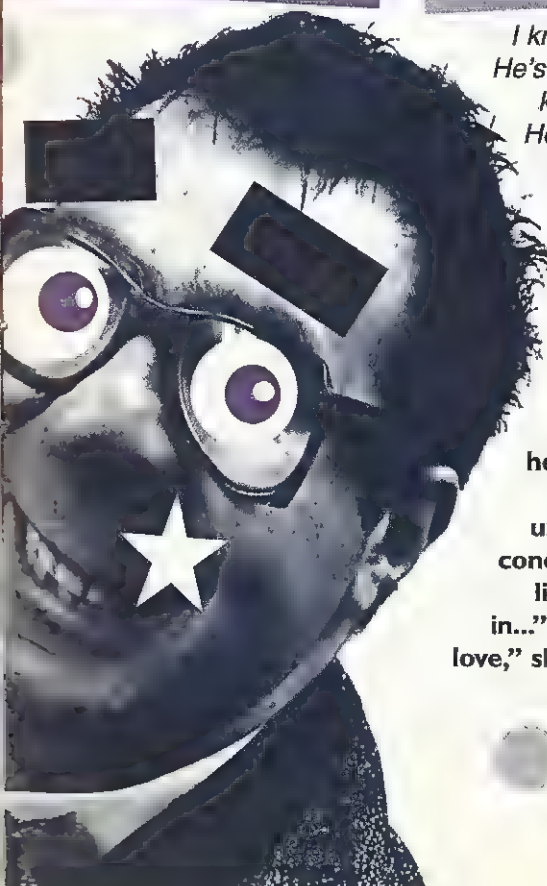

"...and there's twenty  
sews for every  
gag published!"

This young farmer and a milkmaid were walking along a quiet, deserted road one day. The young farmer was carrying a big bucket, a chicken, a broom and was leading a goat on a rope. After a while the milkmaid says "I'm afraid of walking along this deserted road with you - you might take advantage of me." The young farmer says, "How am I going to do that carrying all this stuff?" "Well," says the milkmaid, - "You could stick the broom handle in the ground, tie the goat to it, then put the chicken on the ground and put the bucket over it... couldn't you?"

This young couple were kissing and cuddling in a darkened room. After about ten minutes the girl looks at the fella and says, "What are you thinking about?" "The same thing you are" says the fella, panting. "Alright then," says the girl. "Race you to the fridge."

I went to a nudist wedding the other day - it was great. I came within an inch of being the best man.

# ...and there's more.

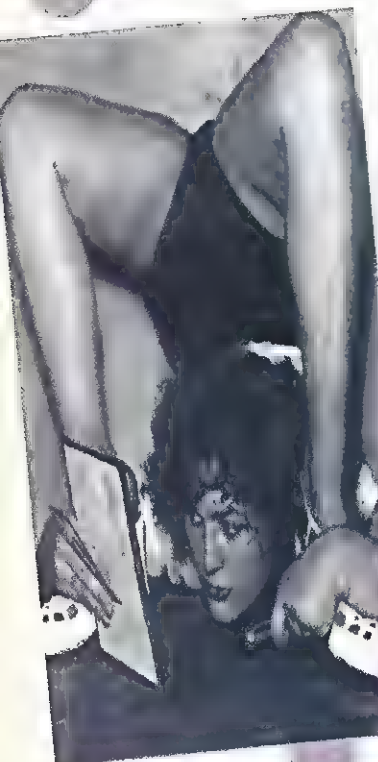

This old fella and his girlfriend are having a right good snog on the back row of a darkened cinema. They're being so passionate with each other that the old fella's toupee falls off. So, he starts groping around the floor for it and in the dark he accidentally puts his hand up his girlfriend's skirt. "Oooh yes!" she says, "That's it! That's it!" "No," says the old fella, "Mine hasn't got a centre parting!"

This old fella is sat down at home, when his wife walks in and says, "Here, look! D'ya think I look younger without a bra?" The old fella looks up and says, "You really do, dear... it's drawn the wrinkles out of your face."

These two old girls were on holiday in America. One of them, Gladys, befriended a tame skunk out in the woods near where they were staying. Soon it was time to go home and Gladys said to her friend, "I can't leave my little skunk - I'm going to bring him home". "How?" asked Doris. "I'll smuggle him into England in my knickers." said Gladys. "What about the smell?" asked Doris. "If he dies, he dies..." said Gladys.

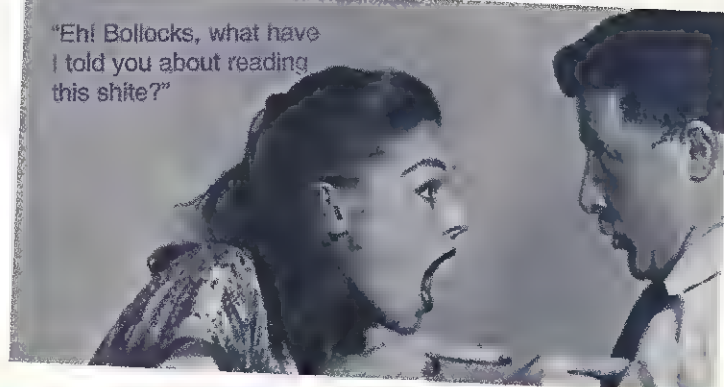

This artist fella's sitting in his studio waiting for his model to arrive. When she does arrive he shows her in, then says "I don't feel like painting today, let's just sit down and have a cup of tea and a chat". After about twenty minutes he hears the door open downstairs. "Quick!" he says to the model, "It's my wife - get your clothes off!"

My wife's frigid you know... D'you know how I can tell she's frigid? When she opens her mouth to say "No!" a little light comes on!

This young girl was just getting out of the shower one morning when there was a knock at the door. She couldn't find a towel or anything to cover herself, so she shouts "Who is it?" and a voice replies, "It's the Blind Man from the village". She thinks, "Oh well if he's blind..." and opens the door naked. The fella standing there says "Nice tits... Where do you want me to hang your blinds?"

Why is a suntanned girl like a chicken? 'Cos the white bits are the best... Yes indeed, I thank you!

"Eh! Bollocks, what have I told you about reading this shite?"

# IS THIS JACKSON'S SPAWN?

## HAIR!

We think the hair'll start out as a nice bushy, healthy 'fro, but sadly this won't last. It will gradually collapse in on itself, leaving behind a mop of greasy, lank seaweed just like dad's. It will then be prone to suddenly catching fire. Also just like dad's.

## GOBI

Big, wide and chock full of huge nashers. Perhaps this stems from a relationship that Jackson might once have had with a friendly alligator called Mabel. Maybe it somehow affected his semen, somehow...

## RIGHT LEG!

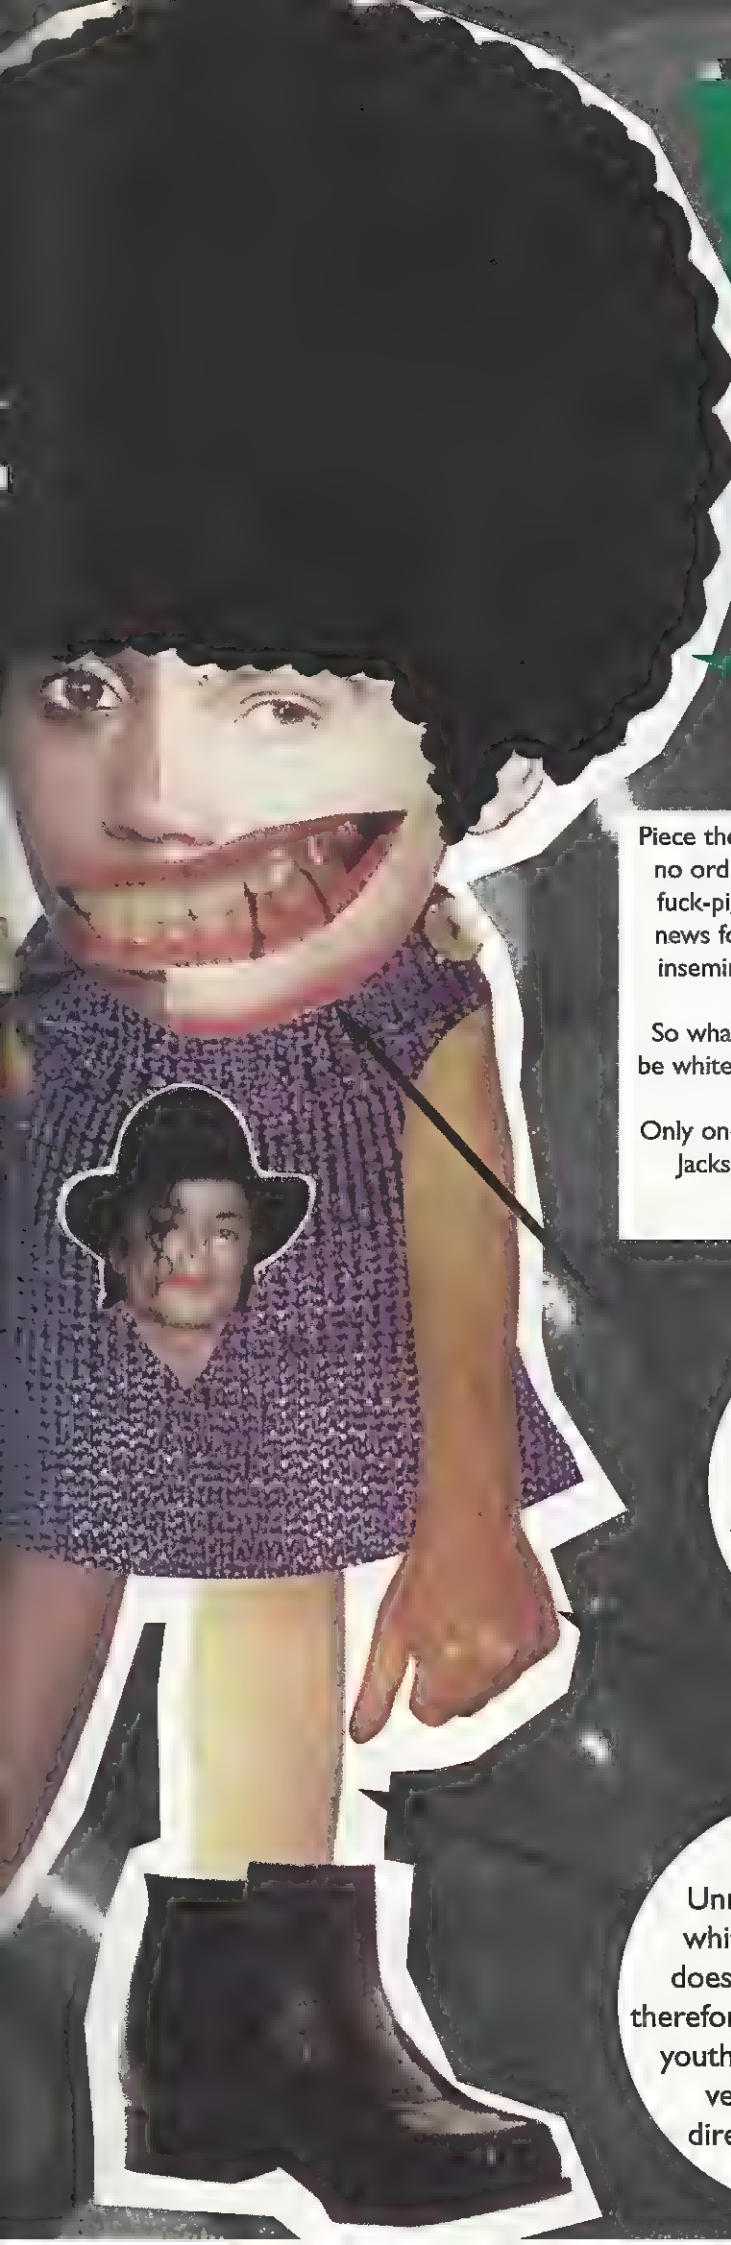

Remarkable revolving limb which should enable the strange youth to moon walk very rapidly in any direction at the drop of a hat.

## STOUT!

Jackson's favourite tippie since infancy so, like father like... erm, whatever the hell it is...

*Note - Many people believe it was junior stout consumption that cracked Jacko's mind. Which is a fair point, I mean, look at navvies...*

**FACT!** Jackson is largely plastic.

**FACT!** Jackson washes in and drinks Domestos.

**FACT!** Jackson has a monkey mate.

**FACT!** Jackson walks backwards.

**FACT!** Jackson's mind snapped in the 70's.

**FACT!** Jackson's nut sack is the texture of shiny bog rag.

Piece these facts together and a clear picture emerges. It's a picture of a human. But no ordinary human, a *strange* human - some might even say, 'a complete and utter fuck-pigged screw up on a galactic scale' human. We certainly would, and the bad news for future generations is that the mad bastard has reproduced! (We believe insemination took place in a sterile operating theatre using a bike pump, a tub of flora and a bucket of Jackson's special space spunk.)

So what of the child? Will it be male or will it be female? Will it be black or will it be white? Perhaps it'll be just like dad, a crazy mixed bag of all four, held together by lick, spit, a wish and a prayer.

Only one thing is for sure, whether his child is lad or lass, earthling or alien, Michael Jackson's next album is guaranteed to be total, utter piss, and for that we can all be grateful. Amen.

#### **FACE!**

Black or white?  
Homey or honky?  
God alone knows! It wouldn't surprise me if the crazy galoot turned out to have sired a bastard zebra.

#### **LEFT LEGI**

Unremarkable skinny white crap effort that doesn't revolve and will therefore prevent the strange youth from moonwalking very rapidly in any direction at the drop of a hat

#### **ARM!**

At first we were convinced that the left arm would be perfectly normal in every way - except for the sinister presence of a sparkly white glove!!! But we couldn't find a picture of a sparkly white glove, so we decided to become convinced that it would be perfectly normal in every way instead

## VICAR OF THE MONTH

This month's lucky winner of the 'Golden Chalice Award' is The Right Reverend Henry Foster from the diocese of St. Michaels, Wembley.

Henry, 24, likes nothing better than stripping off in the back garden of her 18th. century Wembley vicarage and massaging baby oil into her twin towers.

### Fun bags

"God likes tits too," She told us with a cheeky glint in her eye, "And a nice bit of snatch as well. I was weeding the garden in my cassock the other day when I heard a voice from above shouting - 'Oy! Darlin'! show us yer flange!' I looked up and there was no-one there, except for those nice builders who've been fixing my roof. I instantly realised that this must have been a message from God, and I've been whipping out my baps at every available opportunity since."

'Nice one God!' we say, and so will you if you attend one of her special topless evensong services on the first Sunday of very month. There's a licensed bar and a play area for the kids.

Remember "Herbal Ecstasy"  
? "Pleasure and stimulation  
in a natural pill." More like  
piss out your arse for a  
tenner! Since when  
did

**Fancy a Dove, love?**

sweating,  
shaking, shitting and  
puking constitute pleasure and  
stimulation? So imagine my  
excitement (I) when the lads from  
Dr. Herman's sent us some "Love  
Doves", claiming "Those'll get you  
off your tits!" According to the  
sales pitch, this is "...The pill you  
have been waiting for!" They look  
like the tablets the dentist gives  
you to show up plaque on you  
teeth. Five big pink fuckers in a  
spangly test tube. Apparently  
they've been "Specially Designed  
For Clubbing (seals, anyone?),  
Dancing And Blissing Out."

Anyway, never one to allow my  
own prejudices to get in the way  
of informed journalism (and never  
one to turn down the chance to  
get fucked up for free), I decided  
to try them out. One dose can be  
anything from three to ten pills,  
so me and a mate took five each

and hit the clubs. After an hour  
of "This is bollocks, they  
are fuckin'

plaque  
tablets!" And the  
like, we really started coming  
up! Tingly, furred-up sensations  
and masses of energy. Shit, even  
the bouncers started to look  
appealing, while me mate started  
strutting his epileptic stuff on the  
dancelfloor.

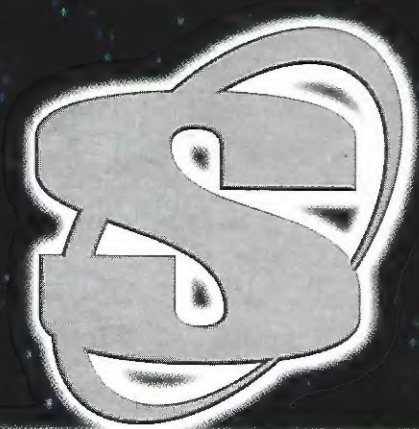

The next morning, feeling fresher  
than a fresh thing, I called the  
suppliers Dr. Herman's, to find  
out what's in them and where  
they come from. Apparently all  
of the ingredients are 100%  
natural and legal, some of which  
contain M.D.A. - like substances  
(a cousin of M.D.M.A.) which have  
been used for thousands of years.  
Our source at Dr. Herman's added  
"Love Doves were designed by a  
proper grown-up Doctor who  
knows things about stuff." He  
certainly does! Our advice? Give  
Damian at Dr. Herman's a call on  
(0161) 281 0466 and  
get some **down ya!**
